

SWEETWATER ACTION PLAN

MITIGATE CARBON EMISSIONS WITH TREES

- Plant 10,000 trees by 2030.
- Reach out to local shops, HOA's, and organizations to promote initiative.
- Apply for grants to grow initiative.
- Cultivate and strengthen relationship with Tree City USA.

CREATE AN OFFICE OF SUSTAINABILITY

- Create a point office for all environmental affairs of the city of Sweetwater.
- Become a task force, goal-driven entity for environmental and sustainability initiatives.
- Inform the public about events, initiatives, services, news, etc.
- Offer resources and helpful information to citizens, small and medium businesses.

INCREASE PUBLIC OUTREACH AND ENGAGEMENT

- Communicate city affairs to citizens effectively and timely.
- Constant website maintenance and updates.
- Bridge gap between government, businesses, and citizens.
- Generate community awareness about environmental issues.
